

SAND PRO

Affordable Downdraft Sanding Stations

DL7236

SandMan Products introduces the DL7236, a dedicated sanding station that doubles as a workbench. It features a separate 110V circuit with 2-duplex recepts, adjustable height, a grid system top, 10.4 cubic feet of storage area, a powerful 1-1/2 HP motor, and easy filter servicing. All this combines to make the DL7236 the most practical and efficient downdraft table on the market.

SAND PRO DL7236

(Self-Contained Sanding Station)
